Thank you for your interest in the Andrews Center Autism Programs. At the Treatment and Learning Center (TLC), we are dedicated to piecing together our East Texas community by providing quality Applied Behaviors Analysis (ABA) tailored to meet the needs of each child and teach them how to better communicate and interact with their environment, family, friends, and teachers.

TLC offers 3 programs:

- The **TLC Outreach Program** is a parent training program that provides short-term 1:1 ABA treatment with the child and family members for 3 hours a week, and usually funded through general revenue with a sliding scale fee or through a medical waiver program.
- The **TLC Focus Program** provides short-term 1:1 ABA treatment for 6 hours a week for 6 months with some parent training, and is usually funded through a grant from the Texas Health and Human Services Commission (HHSC) with a cost share.
- The **TLC Day Treatment Program** is a comprehensive program providing 1:1 intensive ABA treatment 20-40 hours per week, and is funded through insurance and private pay.
